Alzheimer's Disease Resource Center, Inc. Raises \$130,000 in Fourth Annual Col. Kenneth F. Lawlor Memorial Golf Outing

Pictured (left to right): Honoree Ron Eagar, CPA, CCIFP, Partner, Grassi and Co.; Keith Lawlor, Vice President, ADRC Board of Directors and Golf Classic Committee Chair; and Mary Ann Malack-Ragona, Executive Director/Chief Executive Officer, Alzheimer's Disease Resource Center, Inc.

On July 14, Alzheimer's Disease Resource Center, Inc. held its fourth annual Col. Kenneth F. Lawlor Memorial Golf Outing at the Huntington Country Club. More than 130 participants took part in the event, which raised approximately \$130,000 for Alzheimer's Disease research and care.

While on the links, golfers also had the chance to win a car in the Hyundai Hole-In-One Challenge. After a round of golf, they enjoyed a cocktail hour, dinner and a chance to win raffle and silent auction prizes. Participants were welcomed by the President of the Neuwirth Foundation who spoke about her family's vision for ADRC and how ADRC continually works to ensure that vision.

This year's honoree, Ron Eagar, CPA, CCIFP, Partner, Grassi & Co., has become a renowned advisor in many industries, including real estate, construction, wholesale distribution, transportation, and not-for-profits. He uses his wide range of knowledge to assist not-for-profits through the strenuous process of Sarbanes-Oxley compliance. In addition to being involved in accounting and trade industry associations, Mr. Eagar plays an active role in his community by supporting philanthropic organizations.

The event is named after Col. Kenneth F. Lawlor, who was diagnosed with Alzheimer's in the last years of his life. His grandson, Keith Lawlor, who chairs the golf tournament, is also Vice President of ADRC's Board of Directors.

Alzheimer's Disease Resource Center — which is headquartered in Bay Shore and has a satellite office in Southampton — is the only local Alzheimer's Disease advocacy and educational facility whose mission is to provide hands-on support and services to families on Long Island and the New York metropolitan area. ADRC works with family members, health care professionals and researchers to ensure quality health care and support to those impacted by Alzheimer's disease through care and consultation, information and referral, training, support groups, and caregiver safety products.

For more information, please call Mary Ann Malack-Ragona, Executive Director/Chief Executive Officer, at (631) 820-8068 or visit www.adrcinc.org.
